### **[PDF] Amazon Customer Reviews Goldblatts Descent Audio Book Goldblatts Descent**

Goldblatt's descent is not without its flaws. the central plot is thin, and it can't support a novel of this length. it's at least a couple of hundred pages too long. honig clearly has a great number of gripes about the system and was keen to include them all. i can't help feeling less may have been more. the characters aren't deep enough to be sustained over 500 pages. at first i was impressed, but by the end, they were in danger of becoming caricatures of themselves.
